IPM Statement

It is the goal of Sonora School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our Pest Management Objectives are to:

- Elimination of significant threats caused by pests to the health and safety of students, staff and the public.
- Prevention of loss or damage to structures or property by pests.
- Protection of environmental quality inside and outside buildings, in playgrounds and athletic areas, and throughout the Sonora School District facilities.

IPM Team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name	Role
Abel Rosa Jimenez	Applying Pesticides, Recordkeeping
Korey Gonzales	Applying Pesticides, Recordkeeping

Pest Management Contracting

Pest management services are contracted to a licensed pest control business.

Pest Control Business name(s): Nick Chase Pest Control

Prior to entering into a contract, Sonora School District has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

INTEGRATED PEST MANAGEMENT PLAN**

Pest Identification, Monitoring and Inspection

Pest identification is done by: Veida Sparks

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by the Custodians and Groundskeepers. The results are communicated to the IPM Coordinator.

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

- Monitoring for vertebrate pest debris by custodians in all work areas.
- Utilizing sticky monitoring boards for vertebrate and non-vertebrate pest activity. These are checked by custodians and results communicated to the IPM Coordinator.
- Monitoring of gopher and other vertebrate mounds in playgrounds, athletic fields, and other landscaped areas. These results are communicated to the IPM Coordinator.
- Monitoring buildings for wasp and hornet activity by the site custodians. Any activity is reported to the IPM Coordinator.

Pests and Non-Chemical Management Practices

Sonora School District has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Ants	X	X	X	X	X	X	X	
Wasps and Hornets	X		X	X	X	X	X	
Other Insects	X	X	X	X	X	X	X	
Weeds	X	X			X	X	X	
Gophers	X			X	X	X	X	
Rats and Mice	X		X	X	X	X		
Squirrels	X			X	X	X	X	

**Sonora School District
INTEGRATED PEST MANAGEMENT PLAN**

Chemical Pest Management Practices

If non-chemical methods are ineffective, Sonora School District will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

Sonora School District expects the following pesticides (pesticide products and active ingredients to be applied during the year. (This list includes pesticides that may be applied by Sonora School District staff or licensed pest control businesses.):

Pesticide Name	US EPA ID Number	Active Ingredient
Roundup	71995-25	Glyphosate
Hot Shot Spectrum	9688-176-8845	Lambda-Cyhalothrin
Ace Wasp Killer	9688-233	Lambda-cyhalothrin, Prallethrin
Terro Ant Killer	149-11	Sodium Tetraborate

Healthy Schools Act

Sonora School District complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608-17613, 48980.3; Food & Agricultural Code Sections 13180-13188)

Training

Every year, Sonora School District employees who make pesticide applications receive the following training prior to pesticide use: Pesticide specific safety training (Title 3 California Code of Regulations 6724) and School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5) through PublicSchoolWORKS - M-610 The California Healthy Schools Act of 2000 (Education Code Section 16711).

Submittal of Pesticide Use Reports

Reports of all pesticides applied by Sonora School District staff during the calendar year, except pesticides exempt¹ from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm (Education Code Section 16711).

Notification

Sonora School District has made this IPM plan publicly available by the following methods:

- This IPM plan can be found online at the following web address: www.ses.k12.ca.us
