

BOBCAT BULLETIN

BUILDING ACADEMIC SKILL

This week, we officially kicked off our "What I Need" (W.I.N.) program, servicing every 1st-8th grade student. Students in each grade level have 35 minutes per day, in addition to core curriculum, grouped by data-identified needs, which are addressed by strategic and targeted instruction.

ATTENDANCE

Post pandemic, our school attendance has improved slightly, but still remains an area of concern, at SES, our County and statewide in California. For this year, and the coming school years, we are looking to a partnership with families to return to proficient attendance percentages we enjoyed pre-COVID. Please help up us in continuing to promote school attendance as an important component to academic and social successes in school. In addition, please utilize short-term independent study as an option for when your child is planned to be absent. Check out the following TCSOS website tips and ideas pertaining to school attendance: <https://www.tcsos.us/newsroom/teaching/promoting-regular-school-attendance-and-parental-engagement/>

DID YOU HEAR?

The Hearing Van was at SES this past week for hearing screenings for almost all of our students. Early detection of issues are very important to a child's success in school. These are conducted by trained professionals and they will report out if there are any concerns.

LEARNING ALL AROUND CAMPUS

7th Grade students learned about thermal energy and particle movement by analyzing glow stick brightness when energy was added or taken away.

6th grade students playing 4 on 4 small field soccer, building the skill to soon play 11 on 11, on a full field.

Mrs. Bloom/Mrs. Gorgas' 2nd grade class investigating the effects of rocks tumbling in a river and how sand ends up at the beach.

...AND THE FUN AROUND CAMPUS

Kindergarten had a special guest at recess this week, as Mr. Boyles joined them in the fun on the play structure. The students haven't stopped talking about it.

IMPORTANT DATES

- 10/1 School Picture Re-Take/Make-up Day
5th-8th Trimester 1 Progress Reports Grades
GBB 6th Gold @ Curtis Creek, 3:45
