## SMILE KEEPERS ON CAMPUS

Smile Keepers were on campus this week, providing dental services to our students. Smile Keepers Dental Program, through the Tuolumne County Superintendent of Schools, began providing preventive dental education services for Tuolumne County children in 1994. In their 29th year of service,

Erika Hagstrom Dossi, Director, pictured here providing dental care.

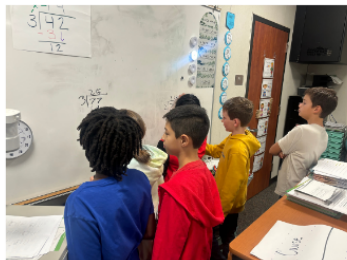

Smile Keepers delivers services in all Tuolumne County Schools and preschool programs for approximately 4800 children annually. Services include preventive dental education, dental screenings, fluoride varnish applications, and referrals for families needing dental care. Smile Keepers is entirely grant-funded.

Reminder, there is **no school on Monday, November 11th**. We observe this day to honor America's veterans for their patriotism, love of country, and willingness to serve and sacrifice for the common good.

## 4TH GRADE

In Ms. Ferraro's 4th Grade, students were placed in groups as 3 mathematicians where they were given a division problem and directed to work together. Each role was a writer, teller, and observer. The writer could only write the information that the teller told them. The observer was there to redirect and give advice on how they could correct mistakes. Every student was able to chime in to discuss the work. Each student solved a problem serving each role.

## AFTER SCHOOL GARDENING CLUB

The Gardening Club is enjoying the sunshine. They have been growing corn since the first day, which has been an amazing survivor crop through the frosty nights. Our gardeners have also started some indoor plants. It was very exciting last week when their Jasmine sprouts shot straight up and happy to see their Christmas Peonies peeking through. Hopefully, their Rosemary and Pepper Mint will sprout with enough time to be used at the Holidays.
