

# BOBCAT BULLETIN

## HEART HEALTHY HABITS

Our 3rd graders recently participated in a learning and active field trip to High Country Sports Arena. This event, hosted by Adventist Health Sonora, highlighted Heart Health in February. The kids got to listen to multiple interactive presentations on how to keep their hearts and

lungs healthy, healthy snacks were provided by Blue Zone Project, there were games with prizes, and students got to have fun roller skating. What a great learning activity! Thank you to our 3rd grade teachers for connecting our students to these local agencies, providing an important and fun learning experience.

Perseverance and spirit have done wonders in all ages.  
- GEORGE WASHINGTON

**On Monday, February 17th, there will be no school at Sonora Elementary, to observe the Presidents' Day Holiday.**

## STUDENT OF THE MONTH

We are proud to announce our February Student of the Month, Abigail Greenway. In her early years, Abby moved schools multiple times, but rejoined us in 5th grade and has stayed for good. Abby is successful due to her belief of sticking to her morals, striving for her dreams, and listening to her parents. This is proven by her incredible academic success as a straight 'A' student. She enjoys creative ventures in reading, writing, and drawing, in addition to playing volleyball. Abby is off to Sonora next year and is looking forward to AP classes in English, her favorite subject, Art and Band. Her teachers describe her as kind, helpful, passionate about learning, positive and respectful. Abby was also recognized last week at the Tuolumne County's Every Student Succeeds event. She has made a lasting impact at our school. Great job, Abby!

## HOOPS

Our very talented 8th Grade team played in the AMA Basketball Tournament

this past week, with tough competition from multiple counties. We are proud of their 2nd place finish, with Bowen Forster and Adam Roberson receiving All Tournament awards, in recognition of stellar, individual play at the tournament.

## 6-8 DANCE

Our 6th, 7th and 8th graders were dancing and having fun on Friday!

## BOBCATS ON THE PROWL

Have a Bobcat who is out in the community, doing something special? Maybe showing off their theatrical skills in a show? Or winning that club volleyball championship? We would love to highlight a Bobcat, or a group of Bobcats doing great things outside of school. Send your submission to Mr. Boyles at [cboyles@sesk12.org](mailto:cboyles@sesk12.org) and your student's great work may make it onto the next Bobcat Bulletin!
