

BOBCAT BULLETIN

CHARACTER COUNTS AT SES

This year, our students have participated in the Character Counts program, with different levels and activities, building student capacity to implement and illustrate positive character traits in school and home.

Mrs. Burroughs' students being acknowledged for Responsibility

We just finished January, which focused on the character trait of Caring and with the start of February, we will now turn our attention to Citizenship. Teachers will be making a selection of students and acknowledge those students who embodied the Character Trait of the Month. Great job to those students who have been selected up to this point. Definitely, more to come!

100TH DAY OF SCHOOL

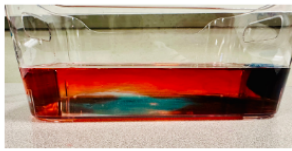

We made it! On Friday, January 31st, Sonora Elementary reached the 100th day of school milestone. This is a very important day, especially for our young students, as it reaches a milestone for number sense (3 digit numbers) and a significant benchmark in counting. Also, a fun part of this, our students dress like they are 100 years old.

Mrs. Fournier's kindergarteners have aged a bit.

6TH GRADE SCIENCE

In Mrs. Emerald/Gray's class, students used red warm water and blue ice cubes during a hands-on lab to simulate convection currents in our atmosphere.

LUNAR NEW YEAR

This past week, Mrs. Webster's TK and Mrs. Strand's 1st grade class both celebrated the Lunar New Year, with fun classroom activities and good food. In Mrs. Strand's class, students learned how to use chopsticks. In Mrs. Webster's, pictured, they learned a technique to cut cabbage for the rice.

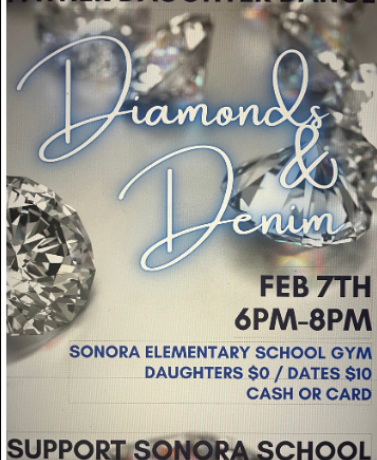

PARKING LOT TIP

During pick-up times, when cars are backed up in line and you are near the end of the lane (Lane 2), please position your car so that an individual car can maneuver past you (to your left) and access the Accessible Parking spaces near the front of the school.

A VERY SPECIAL EVENT THIS WEEK!

FATHER DAUGHTER DANCE
