

# BOBCAT BULLETIN

## FOSTERING CREATIVITY

All school year, our 1st through 8th grade students have been creating amazing works of art. All students in 1st through 5th grade experience Art class once a week, with Ms. Thompson. Our 6th-8th have it as an option through an elective.

They have learned multiple artists and styles, many of which inspire the work created. Students have also experimented with and mastered many different materials and styles of their own and their enthusiasm is evident in their work. The art room has been filled with joy, learning, and so much

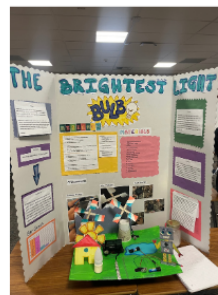

creativity this year. Thank you Ms. Thompson for bringing art instruction and student expression to our school. Some of our art students will also have their work in the Tuolumne County Arts Youth Art Exhibit at the Sonora Public Library. The show dates are March 29th - April 26th. It is open to everyone and is a great chance to support all our student artists.

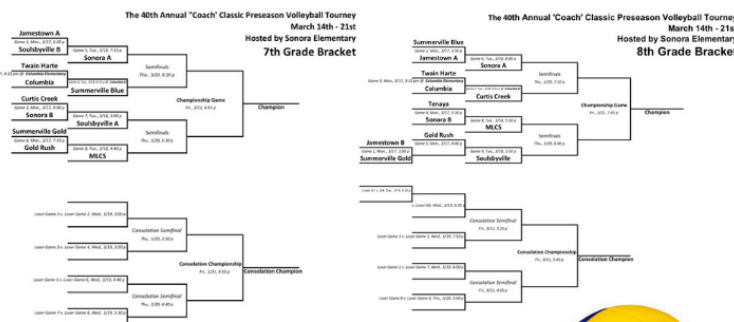

## SCIENTIFICALLY SPEAKING....

Our 7th grade had their Science Fair on March 12th at the school. The students spent a few weeks working on their projects in groups or individually and were excited to showcase what they accomplished. We are proud to be sending 10 projects to the Tuolumne County Science Fair at the Fairgrounds, in the Manzanita building on March 19th. If you would like to attend the County Science Fair to support our students, the doors are open from 4:30 - 7:30 p.m.

6th Grade had the opportunity to explore the world through science, art, and human perception at San Francisco's Exploratorium.

## MARCH MADNESS

**The Coach Classic kicks off this week, Go Bobcats!!!!**
