

BOBCAT BULLETIN

JOG-A-THON 2025

It was another successful Jog-a-thon event on Friday, May 2nd. With a beautiful morning at hand, all of our students had a great time running laps, cheering each other on, socializing, listening to the DJ (Mr. Boyles) play motivating songs, and enjoying the refreshments at the end of their laps.

Thank you Support Sonora School for always putting on a great school event. A special thank you to Laina Vann who has ran this event for so many years, and with a graduating 8th grader, this one was her last. Thank you to Allison Keefe for putting in the work to organize and execute this event and to all of the parents that came out to volunteer their time in counting laps, passing out Otter Pops and water, and collecting and counting the fundraising totals. We appreciate all of you and the benefit it brings to our school.

HOW SWEEP IT IS.....

8th Grade7th Grade6th Grade

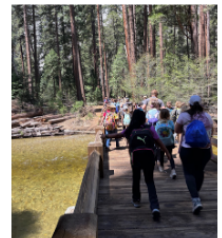

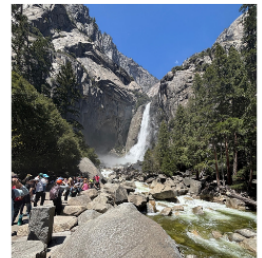

The Bobcat volleyball teams swept the County volleyball tournaments in 6th, 7th and 8th grade. Our 6th grade team took the tournament on their home floor at the Sonora tournament, with our 7th and 8th taking the title at the Columbia tournament. Congratulations to all of our players and coaches for a successful season of bump, set, and spike!

3RD GRADE YOSEMITE TRIP

Our 3rd graders went to Yosemite this past week, to continue their studies on the local Native Americans and the geology of the area. The classes toured the Mi-Wok Village, Visitor Center, Museum, spent some time in the Yosemite Valley for

lunch, looking up at Half Dome, and hiked to Lower Yosemite Falls. They even got to see a young brown bear cub on the way back from the Falls. Thank you to our awesome 3rd grade teachers for providing this experience to our students.
